Élections européennes

Dear fellow citizens,

As a national of another EU Member State living in Luxembourg, in our municipality, you can register on the electoral roll and use your vote to choose the 6 Luxembourg MEPs who will represent you in the European Parliament. By taking part in these elections, you are helping to determine the democratic processes within the EU.

Members of the European Parliament have a direct influence on the development of EU policies. By taking part in the European elections, you can help influence EU policies and laws in areas such as the economy, the environment, social affairs, and many others.

Your vote in the European elections allows you to elect MEPs who will be responsible for representing your interests and concerns within the EU. This is particularly important, given that many decisions taken at EU level have an impact on the daily lives of citizens in the Member States in general and our country in particular.

By taking part in the European elections, you are showing your support for the European Union as an institution and for the idea of European integration. This helps to strengthen the EU and promote peace, stability, and cooperation in Europe.

Overall, participating in the European elections is an important personal implication in the EU's democratic process and gives you the opportunity to play an active role in shaping Europe's future.

To exercise your right to vote, simply turn up in person at the Population Office in Bridel (1-3, rue Nicolas Goedert L- 8133 Bridel) or register online via Guichet.lu.

For more detailed information, please consult the website of the Commune de Kopstal.

By registering, you are demonstrating your willingness to contribute further to the democratic process that underpins «Living Together» in Kopstal.

The Kopstal-Bridel Intercultural Living Together Commission thanks you!
