

Dear parents, dear children, dear families,

Given the current situation, your children, some of you, the parents, and we ourselves are forced to stay at home for some time. We know the days ahead will be long.

That's why the Maison Relais Bridel team would like to offer you a challenge to take up with your family.

The idea is to bring together small videos that you have filmed of / with your children under the theme of **solidarity**. **The goal is to send a beautiful message to all the people, volunteers and professionals who work tirelessly for all of us and to thank them.**

Consider having fun. Dance, jump, stage, tinker with an accessory, dress up ... improvise and get into the game. The children will be happy and will surely give you lots of ideas.

- Theme: SOLIDARITY
- Video: one (or more) extract (s) of max. 1 minute in total
- Deadline for sending: April 12th, 2020
- Unleash your creativity ;-)

Thereafter, we will make a small selection in order to make a nice compilation gathering your ideas and will publish them on the websites of Maison Relais Bridel and Caritas from April 20th. You will also be able to receive a DVD if you wish.

If you are interested in this project, just send us your video to the email address mre@kopstalschoulen.lu before April 12th and imperatively add the publication authorization form. The images collected will be subject to processing intended solely for the realization of this project and will therefore be reserved for the services of Caritas Youth and Families / Maison Relais Bridel, in accordance with the procedures relating to the protection of personal data; all the material received will therefore be stored, cut and processed on the Maison Relais Bridel server only.

We are looking forward to your participation in this little challenge and we hope to see you all soon in good health.

Now it's your turn!
The team of Maison Relais Bridel
